A new website for Osprey's Echo.

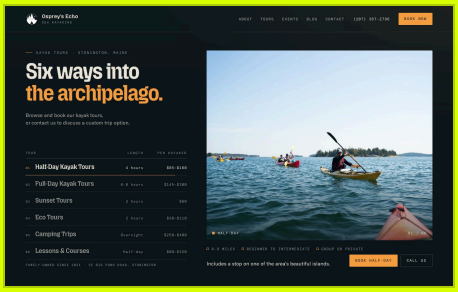

Prepared for Will by Eric Berg, Crush

01 The archipelago.

02 The family.

03 Six ways in.

Your number

$2,500

Paid once.

Half at go, half at launch

$1,250 when you say go, $1,250 when your site is live.

Built within a week

of your go. You see every page before anything goes live.

Yours to keep

Site and files in your name.

What we built it around.

Founded to introduce others to the island archipelago.

From your homepage. Option 1 opens on your own photo of the granite quarry island and one of your orange kayaks, your name across the sky with your disc between the words.

A family-owned kayaking adventure company.

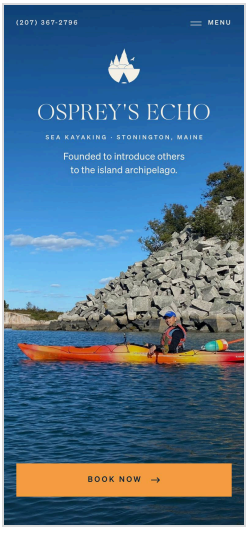

From your About page. Option 2 is light and in your own blue and orange: Will, Dale and Mike in turn, each one standing on the waterline with their reflection below, like your logo.

Browse and book our kayak tours.

From your Tours page. Option 3 puts all six tours on the first screen with their lengths and prices, and each one opens with its own photo and its own Book button.

Today

New, on a phone

All in the price of your website.

The website

A new site for Osprey's Echo: the homepage, your trips and courses, dates and prices, getting here, the people behind it, and a clear way to book, built out from the top you've just seen. Built within a week of your go.

An animated promo

A short animated video made from your own photos and words, sized for Instagram, Facebook and anywhere else you post.

A designed email

Designed and written for past clients and your list, so the people who've already been out with you hear about next season first and book direct.

Twelve ads

Twelve launch graphics for your own channels (email, socials, site banners), each sized for feeds and stories, with moving versions of the best four.

A front desk

First month on us

From Hire Whoever, our sister company: a voice assistant that answers callers asking about dates, conditions, fitness and what to bring while you're out guiding, and every call becomes a short written record.

Unlimited small changes

For the first 30 days, anything you send is live the next business day. After that, small changes stay free: a price, a photo, your hours, a line of text. Text or email it and it's done within the week.

Launch email setup

Included when you say go before 26 November 2026

We set up the launch email and line it up for past clients and your list, ready to go out on launch day.

$2,500, paid once. Nothing that comes with it is billed separately. All prices in US dollars.

Built within a week of your go.

Day 0

You say go

You pay the 50% deposit and give us access to your domain and current site. Your live site won't change until you say.

Days 1 to 7

We finish the site

We build these pages into your full site. You see every page in a preview before anything goes live.

Launch

It goes live

The new site goes live on your domain, and the promo and launch email are ready to go out with it.

After launch

Changes, on us

For 30 days, anything you send is live the next business day. Small changes stay free after that.

Launch day depends on you too: the sooner your answers and approvals come back, the sooner it's live. If we're ever the hold-up, your first three months of Steady, our monthly care plan, are on us.

"We weren't planning to rebuild the website for our cafe, until Eric from Crush approached us... We're so glad he did!"

Alejandra Dominguez, Switchboard Cafe, Salt Spring Island, BC

"I don't respond to emails from outsiders, but I'm glad we did with you."

Midwest Peps, online store, Kansas

"...completely modernized the site while keeping its identity, its history and the content I care about."

Vincent Cheville, Volcano Explorer, La Réunion (translated from French)

Yours, start to finish.

What you own

The site and every file, in your name.

Your photos, trips, courses and contact details carry over.

No commitment on anything monthly. Cancel anytime; the site stays yours.

Questions.

Will moving hurt my Google ranking?

We move it carefully. Every page address on your current site keeps working or forwards to its new page, and your titles and business details carry over, so nothing Google already knows about breaks. The new site is fast and built for phones first, which Google rewards. We don't promise rankings.

Is it secure?

Yes. There's no WordPress and no plugins to keep patching, the usual way small-business sites get broken into. It runs on modern hosting with SSL, and every version is saved, so any change can be rolled back.

Who owns it?

You do. The design and every file sit in your name. Your domain stays with you; nothing of ours renews unless you ask.

How do I make changes?

Text or email me the change. For the first 30 days, anything you send is live the next business day. After that, small changes stay free, done within the week: a price, a photo, your hours, a line of text. Something new, like a page or a feature, gets a price before we touch it, or a monthly plan covers it.

When do I pay?

Half ($1,250) when you say go, the rest ($1,250) when the site is live. You've seen the homepage before paying anything.

Does my booking system change?

No. Every Book button goes to your Peek, so bookings, payments and your calendar keep working the way they do now.

What about next season?

Then the site changes with it. New trips, dates and prices are easy to update, and I'll load your current season into it as part of the build.
